Hiring Guidelines

Audit Engagement Team

No current or former member of the Audit Engagement Team can be hired by the Corporation for a Financial Reporting Oversight Role until at least three years following the termination of that member’s service on the Audit Engagement Team.

Independence

In addition, a current or former partner, principal, stockholder or other professional employee of the Auditors may only be hired by the Corporation for a Financial Reporting Oversight Role if at the time of hiring such employee is independent from the Auditors. The standards for determining independence are intended to be consistent with applicable laws, rules and regulations, including those of the Securities and Exchange Commission and the New York Stock Exchange. In making this determination the CFO and Controller shall consider all relevant facts and circumstances including the position the employee held with the Auditors, the prospective position in the Corporation and any continuing financial arrangement the individual may have with the Auditors.
