

Bright Futures SCHOLARSHIP PROGRAM

Established in 1993, the Bright Futures Scholarship Program awards college scholarships to children of Kimberly-Clark employees in the United States and Canada. Each scholarship is worth up to \$20,000 (\$5,000 per year for up to four years) for full-time students studying at accredited colleges and universities. Since its inception, the program has distributed over \$44 million in scholarships to more than 2,200 students.

This year, the Foundation received over 100 applications and awarded 45 scholarships totaling \$900,000. Through 2019, the Foundation granted \$1.8 million in total scholarships. Following is the list of students who this year join the scores of K-C family members honored as Bright Futures Scholars. Please join us in congratulating these young people and in wishing them every success in their future endeavors.
